

ARTWORK PREPARATION INSTRUCTIONS

Any files created in Adobe Illustrator CS2, Photoshop CS2, In Design CS2, Corel Draw X3, Freehand 10, Gerber Omega 2 and Flexi Sign 8 do not need to be exported into any other format. Files created in newer versions of these software applications need to be saved down to the versions listed above.

All text must be converted to outlines.

Please do not include fonts.

Placed images should be linked (not embedded).

Include images.

Image resolution should be at 100-200 dpi at full size.

We can work with all image files:

jpg, tif, bmp, png, gif etc.

email address for art is psorg@akerssigns.com .

Files over 10M should be sent on disk to Akers

Call Peter at 1-888-456-6990 (9-5 Tues.-Fri.)

for further assistance.
